

**Exhibit B**  
**Bachelor of Applied Science (BAS) Degree**

This MOU recognizes the high level of interest indicated by greater CASC area residents in obtaining a degree from UAFS. Students will complete the first two years (lower division coursework) of the bachelor degree requirements at CASC by completing an associate of applied science degree in a technical-occupational (health areas) area at CASC. Completed CASC courses will be accepted by UAFS and applied to the BAS degree requirements according to the UAFS catalog. UAFS will offer the remaining courses for CASC area residents through distance education or on the UAFS campus. CASC students will be able to transfer up to 75 hours of lower division coursework for the BAS per this degree plan.

1: General Education Core Requirements, see Graduation Requirements section of UAFS catalog OR follow the CASC general education core requirements. Mathematics stipulation: mathematics- must take six hours of mathematics to include College Algebra and one additional math course with College Algebra as a prerequisite.							
2: These courses are used to determine major courses in residency, see Graduation Requirements section of the UAFS catalog.							
3: Elective courses. Consult with advisor. Six hours of upper-level courses from general education areas and nine hours of upper-level technical courses are required.							
4: Career block, 37 hours: Approved AAS degree in an approved program from CASC 37 hours of technical-professional course work.							

**Student Degree Program Requirements**

A student's degree program requirements are those specified in the catalog in effect at the time of declaration of program major. Students must meet the above program requirements and the graduation requirements as indicated by institutional and college policy. The program can be changed only with the approval of the official advisor. If original courses are eliminated, students may be required to meet new curriculum requirements in the degree program. If students are not enrolled for two or more consecutive terms (excluding summer terms), they must reenter under the program requirements of the current catalog. Students are responsible for understanding program requirements and changes. This document is not official until signed and dated by both the student and an authorized university representative.
