

Bachelor of Science in Criminal Justice

This MOU recognizes the high level of interest indicated by greater CASC area residents in obtaining a degree from UAFS. Students will complete the first two years (lower division coursework) of the bachelor degree requirements at CASC by completing the Associate of Arts degree in Criminal Justice. Completed CASC courses will be accepted by UAFS and applied to the BSCJ degree requirements according to the UAFS catalog. UAFS will also offer the courses for the greater CASC area residents through distance education. UAFS courses completed on the CASC campus will count toward the UAFS residency requirements for conferral of the degree.

| Program requirements-Must earn at least a "C" grade in all Criminal Justice courses applied to the degree. | | | |

Student Degree Program Requirements

A student's degree program requirements are those specified in the catalog in effect at the time of declaration of program major. Students must meet the above program requirements and the graduation requirements as indicated by institutional and college policy. The program can be changed only with the approval of the official advisor. If original courses are eliminated, students may be required to meet new curriculum requirements in the degree program. If students are not enrolled for two or more consecutive terms (excluding summer terms), they must re-enter under the program requirements of the current catalog. Students are responsible for understanding program requirements and changes. This document is not official until signed and dated by both the student and an authorized university representative.
